

# Energy Auditing for Community Buildings

**Delivered by Community Action for Energy (CAfE)  
Organised by the Community Council of Shropshire  
Friday 6<sup>th</sup> March 2009**

9:30am – 4:00pm

DASh (Disability Arts in Shropshire), Unit 4 Hartley Business  
Centre, 272-284 Monkmoor Road, Shrewsbury, SY2 5ST

In times of economic difficulty we are all looking for ways of reducing expenditure and increasing income. By showing you how to carry out a basic energy audit of your community building this free training course could help you to do both!

This course will show you the processes involved in carrying out a basic energy audit of a community building. This includes monitoring of consumption and identifying the potential savings that could be made through the introduction of energy efficiency improvements.

In addition to the obvious benefits of saving money, being able to do your own energy audit may help you to review your hiring charges and is an excellent preparatory step ahead of any funding application to improve your community building.

## **Content of the day**

- Section 1 Introduction to CAfE
- Section 2 Using your energy efficiently
- Section 3 Energy auditing
- Section 4 Renewable energy feasibility

**Delegates will be provided with lunch and refreshments during the day.**

This training is FREE for CAfE members. Registration for CAfE membership is free and simple. Instructions will be provided on booking.

Places are limited and will be allocated on a first come first served basis. To book a place contact:
