

“Wanting to improve health in your local community?”

“Want to set up a health related project and need funding?”

The Community Health Grant scheme is available for community and voluntary groups based in Telford.

Up to £2000 is available to help support new initiatives which aim to improve the health of the local community and supports one or more of the following outcomes:

Increasing physical activities

Stop smoking

Reducing alcohol consumption

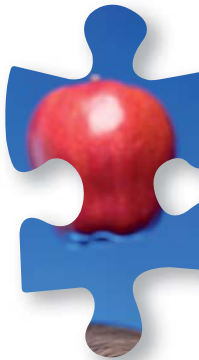

Improving mental well being

Improving nutrition

Reducing health inequalities

Increasing breastfeeding

Reducing obesity
